

## **JAYA JAYA SANKARA INTERNATIONAL SCHOOL**

### **Annual Report**

Annual report of our school to apprise you all, how the Vision, Mission and Philosophy of JJSIS have materialized positively in the day to day working and through the voyage of the discovery of excellence in the field of education. There have been many changes in the School this year in terms of high expectations, communication, behavioral management, professional development, technology, and above all, academics. Teachers worked together in various training sessions to align their curriculum to cater to the educational needs of the students. This vertical alignment will assure that students are learning all that they should, as they progress through our academic program.

### **Assembly**

Morning assemblies are all about students and Teachers coming together to start the day. Assemblies are an important feature of School's routine. They form a significant part of the school's curriculum by creating a positive, reflective ethos and promoting value-based education. They powerfully nurture the development of intrapersonal intelligence. Each class takes turn to present assembly. Such gathering of students & Teachers is paramount for a collective interaction in a formal setting.

### **CLUB ACTIVITIES**

The joys and benefits of experiential learning can never be overlooked. Our school has a wide range of clubs that promote learning by combining recreational and educational factors. Representing interdisciplinary approaches to learning, the carefully selected activities of the clubs, focus on the entire gamut of development of learners in a

cohesive manner. Every space inside and outside the school, then, becomes a platform where multifold learning experiences can be garnered to support learning in all directions.

Literary club conducted various activities to improve the communication skills and oratorical skills.

Sports club conducted lot of indoor and outdoor games to cater to the kinesthetic skills of the students.

Science club provided a platform for the students to learn about the importance of stream line bodies, that provided a creative outlet to the students.

Eco club's initiative to facilitate the students to learn the techniques of vermicompost making.

The students of Eco club also encouraged each class in the school to adopt an indoor plant in their class room.

### **Bharat Scouts and Guides:**

The main objective behind being the promotion of physical, intellectual, social and spiritual potentials within students and to make them responsible citizens of the country.

### **COMPREHENSIVE SCHOOL HEALTH program**

The importance of health, personal hygiene, nutrition, physical fitness, etc is reiterated through several classroom activities throughout the year. A comprehensive medical inspection by a team of specialists is organized every year. Every student of JJSIS undergoes health check-up once in a year by the doctors from reputed hospitals. Vision, dental and general health is checked and recorded.

Records of the medical history of each child is maintained by the school.

### **WORKSHOPS FOR STUDENTS**

Workshops provide exceptional learning opportunities. Using the interactive format, they help the learners to explore topics ranging from personal enrichment, life transition to gain practical skills. Taking learning beyond the bounds of curriculum, workshops also help the students to know about the varied educational / career opportunities available to them. So, while enriching the learning experience, workshops also empower students to make informed decisions regarding their future.

The career guidance workshop for students provided a broad overview of the numerous career options available in every stream, with an introduction to career planning. The inter-active workshop assisted the students to identify career options and appropriate higher education routes for each, that would enable them to determine the steps they need to take to equip themselves to choose and face the world of work.

### **WORKSHOPS FOR TEACHERS**

Teaching is an ongoing learning process. Staying updated is the key to success in any field, especially in the field of education. Our teachers constantly strive to stay updated, by attending workshops and various training programs. The school facilitates the participation of teaching faculty in a wide range of workshops/seminars/in-service training programs to enhance the knowledge of their subject and keep them abreast with changing paradigm in education.

The teachers of our School participated in numerous programs like Science and Mathematics awareness workshop highlighting on

techniques and benefits of activity based teaching at primary as well as middle school level.

***Silver zone has conducted Olympiad exam in Science***

***Exam Date 3rd Jan 2024***

***No of Gold medal - 2***

***No of silver medal - 1***

We have celebrated National science day on 3/2/2024 With several interesting, informative & innovative programs

We have organized a special camp to change the mistakes in aadhaar card of students and their family on 11/3/2024.

Our aim is to provide a balanced learning program which includes academics and a wide range of co-curricular opportunities. These range from dance, music, Karate, chess and Silambam to a comprehensive physical education program and coaching of a variety of sports for teams and individuals. Here at JJSIS we strongly believe that leisure, recreation, games and sports, and co-curricular activities are essential things to rejuvenate the energy of the students and therefore provides opportunity to express their skills, talents and creativity.

Parents may have to deal with only one or two children, but teachers have many more in the classroom. The situation is more testing and stressful. They have to manage students with varying behavior and different learning levels. To handle this, teachers need to be well equipped and center themselves to manage the same. To cater to this

requirement, our school had organized workshop for teachers. Teachers of JJSIS keep themselves updated about the various developments in the CBSE board by attending workshops organized by the board. This serves as a good platform to address some academic issues that support the stake holders to get deeper understanding on subjects and concepts.

Who you are tomorrow begins with what you do today. Passion is the spark that illuminates your path to success and creates masterpieces along the way. True stars rise to the top not by chance but through purpose and passion.

Many changes have occurred, and as we all know, change often brings growing pains. The bottom line is that we have all grown through the process, and we will continue to move forward to make this School all that it can be! It is rightly said "The secret of all great undertakings is hard work and self-reliance." We at JJSIS as always will continue our unceasing efforts to mould the young minds into well balanced personalities with a confidence and zeal befitting the standard of this portal of Education.

Standing by our vision we would continue to 'Keep Reaching for the Stars'.
